Address: Kitkat, Giza

Military status: Completed

Objective

I am a fresh graduate with strong problem-solving skills and a passion for backend development. I am seeking an entry-level role to apply my technical knowledge and contribute to build efficient and scalable systems.

Education

Bachelor's Degree of Computer science and artificial intelligence - Helwan University 2019-2023

- Department: Medical Informatics
- Grade: Very Good [3.38 GPA]

Courses & Certificates

- Mastering C++ from udemy | <https://drive.google.com/file/d/18Kvv5OJG3ZKSbE4NHvNKvXHuaQZPilTX/view?usp=sharing>
- SQL Fundamentals track from DataCamp | <https://drive.google.com/file/d/1lAJZeZBlfxm81hcToazLaoT7S6ReK8Z5/view?usp=sharing>
- Database Fundamentals Course from MaharaTech | <https://drive.google.com/file/d/17OHYEHqF1NONvbVmaydYdYU3-Fbs8RsD/view?usp=sharing>
- Machine learning from DataCamp | <https://drive.google.com/file/d/1Ryd5fLsgoNClu2qPD6n5eAcxR3AWxxwP/view?usp=sharing>
- Laravel course from Php Anonymous Youtube channel

Projects

- **Hospital Management System** | Graduation project
 - (HMS) is designed and programmed to deal with day-to-day operations and management of hospital activities.
 - We used Laravel | PHP because PHP is compatible with almost all servers used today (Apache, IIS, etc.) and PHP supports a wide range of databases.
- **Invoices System**
 - Invoices is designed to help businesses and freelancers manage their billing efficiently, ensuring payments are accurately tracked and received on time. The main idea is to automate and simplify the invoicing workflow, reducing manual effort and minimizing errors.
 - I used Laravel | PHP ,MySQL,AJAX.
- **Report Receptionist Website** | 3rd year project
 - It is a booking website using HTML,CSS,ANGULAR,FIREBASE.
 - It provides an easy way for customers to book rooms in hotels.

Personal Skills

- Effective Communication
- Leadership
- Adaptability
- Thinking out of box
- Time Management
- Passionate about learning
- Team Collaboration
- Problem solving
- Analyzing

Technical

- C/C++/Java/Python/PHP/Dart
- SQL/MySQL
- Strong knowledge of OOP , DS and algorithms ,
- Good at problem solving

- Strong knowledge of design patterns and solid principles
- Laravel using PHP
- Good basics of HTML and CSS

Languages

- Arabic [Mother tongue]
- English [Intermediate]
